

HUNTER.PARAMORE

DESIGN DIRECTOR · UX DESIGNER · AI TOOLS FOR SMALL BUSINESS

paramore.design

hparamore@gmail.com

[LinkedIn](#) · [GitHub](#)

Designer-developer with 12+ years shipping product across consumer, enterprise, and mobile. Today I build **custom AI-powered tools for small businesses** – one tool, custom-fit, that replaces the stack of half-used SaaS subscriptions owners get nickel-and-dimed by. Software that used to need a full team and a year of runway, shipped solo in weeks.

EXPERIENCE

Paramore.Design

Founder · Designer-Developer

2025 – PRESENT

- Design and build custom AI-powered web and mobile tools for small businesses – operations, scheduling, intake, and reporting. One tool typically replaces 4–6 SaaS subscriptions and ships in weeks, for a fraction of what used to take a full dev team.
- Recent builds: field ops for The Tree Service (equipment, fuel, AI-parsed receipts and bids, crew scheduling); magazine submissions and content tools for Utah Valley Bridal; internal client / task / payment tooling used across my own consulting work.

Mutual Dating

App Founder · Director of UI/UX Design

2015 – 2026

- Built the #1 LDS dating app in the world – responsible for 40,000+ marriages and counting. Humbling, and fills me with joy.
- Sole designer-founder. Grew Mutual from a scrappy startup into a multi-million-dollar business – part-time from day one, full-time since 2021.
- Owned every surface end-to-end: UI design, product and user research, design system, brand identity, and product strategy.

Ark Dating

Founding Designer · Director of UI/UX Design

2023 – 2026

- Spun up a second dating app by white-labeling Mutual – built and run dual design systems, each feeding a parallel clone of the same codebase.
- Own user research, brand identity, and product design end-to-end.

Nu Skin

Sr. UI/UX Designer

2019 – 2021

- Product design and research on the web team – payment processing, discount codes, and analytics. Shipped work that moved the whole business: more completed checkouts, earned discounts applied faster.
- Built Nu Skin's first Figma design system and led the design team through the full migration off Sketch.

Stotion

Sr. UI/UX Designer

2014 – 2019

- Senior designer at a UX-focused studio in Provo, UT. Shipped product work across dozens of clients – 3D roof-scanning drone tools, healthcare portals and dashboards, card decks, battle buses, and everything in between.

SELECTED PROJECTS

Tech 9 – Sr. Product Designer

AGENCY · PRODUCT DESIGN

Senior product design across a range of agency clients – partnered with engineering in lockstep from kickoff through launch.

Checkin App

Social coordination app – friends signal availability through campfire check-ins. Concept, design, development, and product strategy through ship on iOS and Android.

Angel Studios

BRAND · DESIGN SYSTEMS

Unified and standardized their design systems into a consistent foundation across multiple platforms.

The Tree Service – Field Ops Tool

TRADES · OPERATIONS

Replaced four SaaS subscriptions with one tool: equipment tracking, fuel logs, AI-parsed receipts and bids, crew scheduling and safety checklists – built around how the crew actually works in the truck.

Utah Bridal – Magazine Workflow

PUBLISHING · OPERATIONS

Photo and article submissions, status, payments, scheduling, and content handoff – collapsed a tangle of spreadsheets and half a dozen smaller paid services into one tool the entire team uses.

Paramore Real Estate

BRAND · WEB

Brand identity and website for the brokerage in Burns, Oregon – built around a workflow that makes publishing listings and printing brochures effortless. The orange signs are hard to miss.

CRAFT

DESIGN

Product · UX · Visual · Design Systems · Prototyping · Figma · Rive · Illustrator · Photoshop · InDesign

ENGINEERING

SwiftUI · Kotlin / Jetpack Compose · React Native · HTML/CSS · Unity · SpriteKit

DATA & AI

Firebase · Supabase · Claude Code · Anthropic API · OpenAI API · Tool-use & Agents · Cloudflare

PRACTICE

User Research · Workshop Facilitation · Cross-functional Leadership · Mentoring · Detail-Oriented

HOBBIES

3D Modeling · 3D Printing · Laser Cutting / Engraving · Drumming · Airsoft · Game Design · Gardening · Hiking · Jiu-Jitsu

EDUCATION

BYU–Idaho

BFA in Design

2013

RECOGNITION

- Frequent guest lecturer at BYU and UVU.
- Annual UVU Capstone Class mentor.
- Featured design system on Figma's site – 300k+ views, 17k+ downloads.
