

# HUNTER PARAMORE

PRODUCT DESIGNER · DESIGN DIRECTOR · DESIGNER-DEVELOPER

paramore.design

hparamore@gmail.com

github.com/hparamore · LinkedIn

Product designer and design director with 12+ years shipping consumer, enterprise, and mobile products, usually as the only designer in the room. Co-founded and designed **Mutual**, the #1 LDS dating app, over ten years. Today I design and build complete products solo, from research and design systems through SwiftUI, React, and Supabase, using AI tooling to ship in weeks what used to take a team and a year of runway.

## EXPERIENCE

### Paramore.Design

FOUNDER · PRODUCT DESIGNER & DEVELOPER

2025 – PRESENT

- Design and build custom AI-powered web and mobile tools for small businesses: field operations, intake, scheduling, reporting, client management, and payments. One tool typically replaces four to six SaaS subscriptions and ships in weeks.
- The Tree Service: field-operations tool a tree-care crew uses daily on iPads for safety checklists, pre-trip inspections, fuel and receipt capture, and fleet maintenance. Retired four subscriptions. Next.js, Supabase, and Vercel, designed and built solo in four weeks after two days riding along with the crew.
- Utah Valley Bride: submissions and email-workflow portal for a wedding magazine, replacing a spreadsheet and manual email loop across 138 vendor submissions. Deployed August 2026.
- GolfSheds: fractional digital product management for a manufacturing company: internal AI knowledge base, task and request system, handbook and checklist framework, department dashboards, JobTread API integration.
- Brand and identity: Paramore Real Estate rebrand, signage, and two site rebuilds; Sports Transport logo and brand package.

### Mutual Dating

CO-FOUNDER · FOUNDING DESIGNER · DIRECTOR OF UI/UX DESIGN

2015 – 2026

- Co-founded and designed the #1 LDS dating app in the world, now responsible for 40,000+ marriages. Sole designer for ten years, owning UI, product and user research, the design system, and brand identity, and a core voice in product direction and strategy.
- Redesigned onboarding from one long form into a stepped flow with an early exit, validated by testing two competing flows in person. In testing, 97% completed the full profile and about 80% completed verification once it was folded into the flow.
- Built the Mutual Design System: 3 brands, 6 themes, semantic tokens, and live WCAG contrast checks, structured so engineers and AI agents build correct, on-brand, accessible UI from one source.
- Grew the company from a scrappy startup into a multi-million-dollar business, part-time from day one and full-time from 2021. Nearly every surface shipped through me: digital product, brand, motion, print, packaging, merch, and event collateral.

### Ark Dating

FOUNDING DESIGNER · DIRECTOR OF UI/UX DESIGN

2023 – 2026

- Spun up a second dating app by white-labeling Mutual. Built and maintained dual design systems and brand assets, each feeding a parallel clone of the same codebase. Owned user research, brand identity, and product design end-to-end.

### Nu Skin

SR. UI/UX DESIGNER

2019 – 2021

- Product design and research on the web team: payment processing, discount codes, and analytics. Streamlined the checkout and discount flows so customers completed orders and received the deals they had earned, lifting completion rates across the business.
- Built Nu Skin's first Figma design system and led the design team through the migration off Sketch. Partnered with engineering to form the first DevOps team and a shared design system for designers and developers.

### Stotion

SR. UI/UX DESIGNER

2014 – 2019

- Senior designer at a UX-focused studio in Provo, UT. Shipped product work for dozens of clients: 3D roof-scanning drone tools, healthcare portals and dashboards, card decks, battle buses, and everything in between.

## SELECTED PROJECTS

---

### Tech 9 – Sr. Product Designer

AGENCY · PRODUCT DESIGN

- Senior product design across a range of agency clients. Partnered with engineering in lockstep from kickoff through launch, and worked directly with clients to shape their vision into a cohesive product.

### Angel Studios – Design Systems

CONTRACT · 2025

- Unified and standardized their design systems and documentation into one consistent foundation across multiple platforms.

### Checkin

PERSONAL · IOS, ANDROID & WEB

- Social coordination app where friends signal availability through campfire check-ins. Concept, design, development, and product strategy. Shipped on iOS and Android; the web version, ported screen by screen from the Swift source, deployed in 2026.

### Paramore Platform

PERSONAL · PWA · SUPABASE

- Nine small apps on one shared sign-in, storage layer, and PWA shell, each live at its own paramore.design subdomain: Tain, Keeper, Flare, Magnet, Chores, Radio, Upkeep, Kill The Fish, and Bank. Each one scaffolded, art-directed, built, and deployed solo.

### Screenshot Maker

OPEN SOURCE · WEB TOOL

- Browser tool that composes App Store and Play Store screenshots for every device, size, and language from one project, exported at native resolution.

## SKILLS

---

#### DESIGN

Figma (Expert) · Product & UX Strategy · UI & Interaction Design · Design Systems & Tokens · Prototyping · User Research & Usability Testing · Brand & Visual Identity · Rive · Illustrator · Photoshop · InDesign · After Effects

#### ENGINEERING

Swift / SwiftUI · Kotlin / Jetpack Compose · React · Next.js · TypeScript · HTML / CSS · Tailwind · Astro · Progressive Web Apps · Unity · SpriteKit

#### DATA, INFRASTRUCTURE & AI

Supabase (Postgres, Auth, RLS) · Firebase & Cloud Functions · Vercel · Cloudflare · Stripe · Twilio · RevenueCat · CleverTap · Claude Code · Anthropic API · OpenAI API · Tool Use & Agents · MCP

#### PRACTICE

User Research · Workshop Facilitation · Cross-functional Leadership · Mentoring & Design Critique · Roadmapping & Prioritization · Stakeholder Communication

#### INTERESTS

3D Modeling & Printing · Laser Cutting & Engraving · Drumming · Game Design · Jiu-Jitsu · Woodworking · Hiking

## EDUCATION & CERTIFICATES

---

**BFA in Graphic Design** · BYU-IDAHO

**Product Psychology Masterclass** · GROWTH.DESIGN

**Designing Experiences Your Users Will Love** · INTERACTION DESIGN FOUNDATION · CERTIFICATE

**Google Analytics Certification** · GOOGLE

## RECOGNITION & WRITING

---

- Frequent guest lecturer at BYU and UVU; annual UVU capstone class mentor.
- Zelda: Breath of the Wild UI kit featured on the Figma community homepage. 300k+ views, 17k+ downloads.
- Writing at paramore.design/blog: on AI-built work that only looks finished (June 2026) and on building Tain (July 2026).
